From the Lapland's pure nature

The origins of the "Kota" house began thousands of years ago. The design started when northern tribes were forced to find a way to keep warm in the extreme weather conditions that they faced. The term "Kota" has been used for years to describe a building or hut that originally had sloping sides, this design enabled them to have a fire in the middle of the room that not only kept them warm but also enabled them to cook their food.

Arctic Finland House – company's roots come from Lapland. Since 1990's Arctic Finland House has designed, manufactured and constructed mostly grillkotas and later on more variety of products such as garden houses, pavilions, saunakotas, barrel saunas, camping barrels, hot tubs etc.

Our main objective is to bring the feeling of Lapland's spiritual and relaxing atmosphere into your everyday life reducing the stresses faced in everyday life. Arctic Finland House is one of the first companies that started manufacturing high quality grillkotas. Today Arctic Finland House offers wide range of different products and still today Arctic Finland House's grillkota is setting the standards for high quality.

Arctic Finland House values traditional hand skills and encourages old traditions when manufacturing kotas in their factory. By using only latest technology we can ensure that the quality is always meeting the high demands of our clients. We wish you, your friends and family very pleasant and relaxing times in our kotas.

SAUNAS — COMFORT, STYLE, AND CLOSENESS TO NATURE IN YOUR BACKYARD

Discover our high-quality ready-made saunas that bring authentic sauna experiences directly to your home. Quick to install, requiring only a flat base and usually no building permits, they offer a simple, year-round solution for any garden.

Our collection includes barrel saunas, cube and panorama saunas, traditional models, and modern modular designs. Every sauna is built for comfort and relaxation — from private wellness moments to social gatherings.

Constructed from durable thermally modified wood and furnished with premium abachi benches, our saunas combine longevity with a naturally pleasant feel. Choose between electric or wood-burning heaters from trusted manufacturers.

Select the design that suits your lifestyle — classic and cozy or modern and minimalist — and enjoy a sauna experience that connects you with nature.

AN ELEGANT GARDEN HOUSE IS A BEAUTIFUL ADDITION TO ANY GARDEN.

Discover high-quality garden houses that bring a cozy and functional extra space into your outdoor area. The simple wooden construction is easy to install and suitable for year-round use, offering comfortable shelter in summer sun and autumn rain alike.

The bright interior and large windows create a spacious atmosphere, naturally connecting the room with the surrounding garden. Durable materials ensure long-lasting performance, while the warm character of wood adds charm and elegance to any outdoor space.

A garden house is perfect as a relaxation corner, a workspace, or a spot for small gatherings. The interior can be customized to your needs — from a comfortable seating area to an inspiring hobby room.

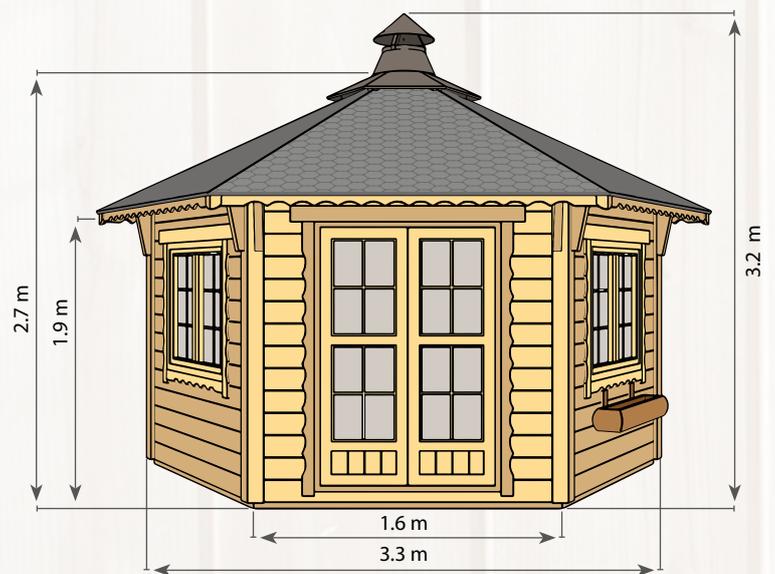

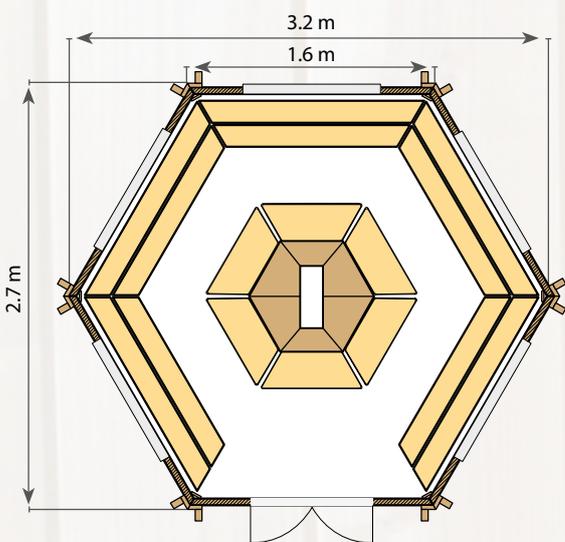

Choose a design that complements your home and lifestyle — classic and homey or modern and minimalist — and enjoy a space that blends nature and comfort in perfect harmony.

DREAMS HAVE NO LIMITS

While our product range includes standard models, every order is tailored to reflect the customer's preferences and individuality.

Whether your idea is a small fairytale cottage tucked in the woods, a modern retreat with panoramic ceilings for admiring the northern lights, a portable "tube office," or even a playhouse inspired by your children's favorite cartoon – we're ready to bring your vision to life.

Arctic's design team has consistently managed to turn even the most complex ideas into reality, all while staying true to our core mission: to create products that can be used in any weather, anywhere.
